

2nd Annual

## STATISTICAL PRACTICE IN CANCER CONFERENCE

H. Lee Moffitt Cancer Center & Research Institute

Stabile Research Building, Ted & Marty Couch Auditorium

Target Audience: Southeastern NCI Biostatistics Shared Resources

---

**March 3, 2017**

**8:00A.M.—5:00P.M.**

**Keynote Speaker - Susan S. Ellenberg, Ph.D.**

Professor of Biostatistics

Perelman School of Medicine

University of Pennsylvania

“Clinical trials in the twenty-first century: emerging issues and controversies”

---

The goal of this one-day conference is to enhance “best statistical practices” for cancer center biostatisticians. The emphasis is on practical solutions to challenges we often face and opportunities to gain efficiencies in our collaborations. We are particularly interested in sharing ideas and tools that are ready for immediate application.

**Abstracts due December 19, 2016 to [Paula.Price@Moffitt.org](mailto:Paula.Price@Moffitt.org)**
